INDUSTRIAL MANUFACTURING TECHNICIAN APPRENTICESHIP

Apprenticeships are a proven solution for businesses to recruit, train and retain highly skilled workers. A registered apprenticeship program may be just what you need. Apprenticeships are structured training programs which give employees a chance to work (literally) towards an occupational certification.

The Industrial Manufacturing Technician (IMT) Apprenticeship Program, sponsored by CareerSource Research Coast, is a competency-based training program requiring 2,000-hours of on-the-job training and 200 hours of online courses from the Manufacturing Skill Standards Council (MSSC), that are highly interactive and utilize state-of-the-art, computer-based simulation e-learning technologies.

PROGRAM HIGHLIGHTS...

- SAFETY
- QUALITY PRACTICES & MEASUREMENT
- MANUFACTURING PROCESSES & PRODUCTION
- MAINTENANCE AWARENESS

WHY SHOULD YOU BECOME AN APPRENTICE?

Apprenticeship is the process of learning a skilled trade through on-the-job training (hands-on) plus related classroom education.

As an apprentice you will take a 5 to 8 weeks class which covers the theory, principles, and technical knowledge you need to do the job.

Apprenticeships are jobs!
You **earn** and **learn** from day **one**.

91% of apprentices who complete an apprenticeship **are still employed nine months later**.

On average, Registered Apprentices earn nearly **2.5 times their counterparts within nine years** and about **\$300,000 more over the course of their career**.

BECOME AN APPRENTICE: INVEST IN YOUR FUTURE!

What is in it for YOU!

- "NO COST" tuition
- Nationally Industry recognized credential
- "Earn while you learn" educational experience
- Incremental wage increases as you successfully master new skills
- High wage/high skill career
- Proficiency in a high paying occupation
